

I Screen, You Screen, We All Screen... Too Much?

Learn how to manage screen time for your children, from Newton-Wellesley's experts.

Please join us for a showing of *Screenagers** and a night of lively discussion to help you and your adolescent navigate the digital world and find balance.

Wednesday, May 23
6:30 p.m.

Newton-Wellesley Hospital
Shipley Auditorium
2014 Washington Street, Newton

**Screenagers* is an award-winning film that probes into the vulnerable corners of family and depicts struggles over social media, video games, academics and internet addiction. Movie showing will begin promptly at 6:30 pm.

An open Q & A discussion with Newton-Wellesley's Child and Adolescent Psychiatry experts will immediately follow at 7:45 p.m., featuring:

- **Susan Swick, MD**, *Chief of Child and Adolescent Psychiatry*
- **Michael Jellinek, MD**, *Medical Director, Psychiatry, Director of Collaborative for Healthy Families and Children*
- **Nicole Danforth, MD**, *Director of Child and Adolescent Psychiatry*
- **Richard Ginsburg, PhD**, *Child and Adolescent Psychiatry*

To register, please call 617-243-5900.

Funded by the Manton Foundation.
